

Dear Grace England Community,

I hope you had a great summer! Although many of you know me well, I want to take a moment to introduce myself to our new Grace England families and community members. I have been at Grace England since we opened our doors in August 2012 when I served as the campus Literacy Specialist. I moved into the role of Assistant Principal in the middle of that year and served in that position until being named principal during the 2018-19 school year. My educational background, training, and teaching is highly focused on the early elementary years. I learned to speak Spanish as a missionary for my church.

I am honored and excited to serve the Grace England community as principal. I promise to continue the implementation of practices that support a strong commitment to being student focused and relationship driven. My mission is to motivate, encourage and empower our school staff and community as Promise2Purpose investors dedicated to the success of *every* student. It is my goal to lead in a spirit of clarity, collaboration, and transparency by implementing an open-door policy to effectively communicate and uphold the Klein ISD vision of every student entering with a promise and exiting with a purpose.

As we begin our journey in the days ahead please know that I welcome your input and feedback. I encourage you to reach out to me with any questions, concerns, and ideas you may have. Together we can and will succeed because of our commitment to work together to ensure Grace England students are prepared for the future. We are the "Promise" in "Promise2Purpose"!

Looking forward to a GREAT future,

Jaunee Perry

Principal

Grace England EC/PK Center
